

The Global Warming Deception

The Hidden Agenda: A Global Socialist Government

The worldwide effort to combat manmade global warming is history's most far-reaching scientific hoax. In *The Global Warming Deception*, Grant R. Jeffrey documents the orchestrated campaign of political pressure, flawed science, deleted and falsified temperature data – all designed to promote an environmental lie and, thereby, bring the West to its knees.

United Nations agencies use the threat of rising global temperature, rising ocean levels, crop failure, expanding deserts, and the mass extinction of species to convince western nations to surrender their sovereignty to a global government. As these developments play out, we see the globalists consolidating their power.

In *The Global Warming Deception*, you will find overwhelming evidence that:

Laws and regulations to reduce carbon emissions are designed to destroy the free enterprise system to produce a socialist economy and a plan to drain trillions from western nations to the Third World.

The new pagan environmental religion of the “Church of Global Warming” denies the existence of God the Creator and substitutes in His place the worship of creation, the earth.

The coming economic collapse, accelerated by global warming laws and regulations, will lead to international financial chaos. A one-world government will be presented as the only solution, to be followed by the arrival of the Antichrist, an economic, religious, and military dictator.

Your personal liberty and economic freedom are at stake Now is the time to learn all you can about the socialist-Marxist globalist elite that is advancing the false threat of global warming – the most deadly deception in history.
